ENLIGHTENMENT TRAINING LIABILITY RELEASE AND CONTRACT

You need to take this Training entirely of your own free will. Guruji Love and other staff will be offering suggestions and support during the scheduled time of the Training, and in preparation for it as well as follow-up afterwards, only for the purpose of your spiritual experience and integration. While many people have found these suggestions helpful, this advice should be considered spiritual, intuitive, and philosophical. In no way should you follow it if your own Internal Knowing disagrees, or if a licensed medical doctor or other licensed health practitioner has given you apparently different advice. Discuss such situations with Guruji.

I agree to follow the above instructions, and to pay the Ashram of Enlightenment the full non-refundable fees. Alternately I agree to participate in trade exchange, offering services useful to the Ashram, cleaning or gardening contemplation and in cooperation with other retreat residents, retreat participants, and trainees. If unable to complete the trade, I will pay the balance owed in a mutually-agreed timetable.

I agree to release any and all of these facilities and staff from any responsibility beyond providing the basic services contracted.

I have read and understood this contract and agree to comply with above instructions and Enlightenment Training Agreements. I am entering into this Training of my own free will, and release Guruji Love, The Ashram of Enlightenment, Dharmasala Retreat Center, all board members, staff members, volunteers, retreatants, trainees, and residents from any legal responsibility whatsoever.

For Your Information:

All data you share on this application, in personal interviews with Guruji Grace Love or other Retreat staff before, during, and after your Enlightenment Training and/or Retreat Residency is only for the purpose of staff supporting you in your spiritual growth and your meditation. It is for the use of staff, and occasionally may be presented in a more general way among the Retreat residents and Sangha (Ashram community) members as part of the group process, and very occasionally in confidence with other spiritual teachers, consultants, healers, and counselors around the United States, Canada, Europe, and India who informally serve the Ashram to serve you.

If you have particular confidentiality issues around certain subjects, please discuss this ahead of time with Guruji prior to your arrival for your Retreat. She will assist you with coming to a choice that will support you, and yet not deprive you of the assistance of the group process or consultative expertise.

May you Enlighten!
